

India storm past England at First Bilateral T20 in Eden

Kolkata: The premium members of the We Five Sporting Division, Spandan and Anish, were in attendance at the Eden Gardens, Kolkata, for the First T20 of the IDFC First Bank T20 Series between India and England.

The match was expected to be promising with both sides boasting of heavy batting line-ups, however, it turned rather of a one-side affair after India skipper Suryakumar Yadav elected to bowl first in conditions which seemingly favoured the seamers a bit upfront. The absence of pace spearheads Bumrah and Shami did not intrigue India, as Arshdeep took matters into his hands, in conjugation with the variable bounce on offer. No other England batter other than Buttler offered some resistance to the ruthless bowling attack which kept England down to a modest 133 in 20 overs. In response, only Archer managed to create a bit of hiccups, and captain Surya continued his form against non-associate opponents with a duck. However, special mention must be

made for Abhishek Sharma, who set the chase on fire. Scoring a fifty of 20-odd balls, he tonked the helpless England bowlers all around the park. Pandya and Atkinson, from either side, played the role of the run-leaker in the Powerplay. Sanju and Abhishek's blitzkrieg took India over the line with more than 7 overs to spare. IPL-home main-spinner Varun Chakravarthy won the man of the match for his career best figures and taking the important wickets of Brook, who was just starting to take on the attack and Livingstone, for a duck.

As other times, we feasted on KFC and Pizza. It was the third time for us in Block-H. Our seats were at a very convenient location this time around, as we could see the match clearly. If we are to go by history, then India is in for another trophy very soon. The Eden Gardens never fails to mesmerise us in its grandeur and stature. Looking forward to the next time...
