

THE WE FIVE GAZETTE

MONDAY ~ 29 JULY 2024

MONSOON MEET 2024

The We Five family, celebrating that many years of establishment, as the number of its members, gathered, albeit in a small number at Mani Square Mall on a Sunday evening, the 20th of July, 2024. Basil and Soham missed out this time, them being at Bengaluru and Chennai respectively during the meeting. Unknowingly, and in a random fashion, we proceeded towards a seat near the Heaven on Earth. It has to be written in the stars, because despite all chairs being occupied, there were only 3 free ones, seemingly waiting for the intellectuals. The golden hour rushed faster than we could imagine, as through a host of talk, laughter and smiles, Spandan, David and Anish exchanged the current happenings of their lives. F1 will sneak it sway into proceedings if we have the Automobile expert amongst us. We culminated the moments through dinner from KFC, and of course there is nothing like it in the planet. Surely, there is nothing like the We Five Family too.

The next meeting is uncertain and is dependent on who comes to Kolkata and when, but as of now it stands at October. Upcoming birthdays include that of the Nobleman in August, the Statesman in November and the Automobile Professional in December. Hopefully, these could turn out to be reasons for the upcoming meet.

Spandan and Anish have decided to be in attendance for the India vs England bilateral T20I match in Eden Gardens on 25th January, 2025. The availability of other members would only be dictated by time.

Just like any other meet, We Five meetings are a relief in the monotonous lifestyle and is always a refresher. Every good story ends too soon!

See you next time ...
