KKR CLINCH A THRILLER AGAINST RCB IN THE PRESENCE OF THE WE FIVE

They say that the We Five decide outcomes of major tournaments, and yes that is certainly true. Spandan and Anish, in particular, have been testimony to the matches of the Champions in the past few competitions, be it Neeraj Chopra at Olympics 2020, CSK in IPL 23, Australia in CWC 23 or KKR in IPL 24. Spandan and Anish were part of the 60,000 supporters at the Eden Gardens in the afternoon (3:30 PM) clash of Kolkata Knight Riders against Royal Challengers Bengaluru, on Sunday, the 21st of April, 2024. RCB had won the toss and elected to bowl. Eden Gardens, no longer being that kind of sticky and spinner friendly wicket that we used to love seeing in our childhood days, is now nothing short of a batting paradise. Being the stadium where the maximum number of sixes were hit, is itself evidence to this fact. RCB bowling, not at their usual best ;) restricted KKR to 222. RCB were back into their contest after a decent opening stand, through Jacks and Patidar. However Muscle Russell with his golden arm pulled back the tide in KKR's favour. Timely, regular wickets meant RCB needed 23 off the last 6 rocks. Well, any other day we would back Mitchell Starc to pull this off, but he was a bit out of touch, most likely due to the heavy price tag of INR 24.75 crores. Veteran bowler Karan Sharma tonked 3 biggies of a smiling Starc, to bring it down to 3 off 2. All KKR fans were in shock and disbelief, all hands covering their mouths. However, Starc held his nerve, and a superhero run-out effort by Salt in the last delivery, took KKR over the line, albeit by 1 run. Salt was the man of the match for his exploits with the blade, earlier in the day.

The winners of the game, KKR went on a dream run, the best by a team in the IPL, to ultimately clinch the trophy. The Final was lacklustre if you're an SRH fan, because the one sided affair lasted shorter than the final presentation. The so-called 'dangerous' 300-run SRH with their explosive top-order batsmen succumbed to the greatness of KKR's tactics. It must be mentioned that Gautam Gambhir as our mentor worked wonders, for all his tactics, including sending Narine up the order which won him the Most Valuable Player of the season. Shreyas Iyer's captaincy must not be undermined by any chance, he was spot-on with his calls. Mitchell Starc made amends for his poor start to the season with Man of the Match performances in Qualifier 1 and the Final, proving that he is the Big Match player as he's always been!

The best and most consistent team of the season reaped its rewards of perseverance.

Korbo, Lorbo, Jeetbo!

SUMMER BONANZA 2024

The We Five Family, standing five years strong, celebrated their Summer Bonanza at Park Street, Kolkata on Sunday, the 2nd of June, 2024. Basil was in town, along with regulars Soham, Spandan and Anish. Through a video call, even David was part of this grandeur. Initially the intellectuals met at the lobby of Park Hotel, where amidst a host of talk, we decided on the most important thing- where we were going to eat. The boycott on the brands based in the States by our IITian, made the decision making a bit complex, but the We Five are born to solve all problems, and we solved this one too- with much ease. Soham, the eternal source of content, along with the exchange of rational thoughts by Basil, who undoubtedly possesses impeccable journalism skills, certainly is the source of a great conversation- whenever we meet. Well, you might be thinking what is it that we discuss? No worries, we won't keep you in the dark anymore. We've decided to bring our thoughts to your platter through a podcast- more details of which will be revealed subsequently.

The aim of the We Five is to always remain 'One Step Up', and that is where we dined, a Chinese restaurant. A hilarious moment that left us stunned was when Basil tried to coerce David into paying the bill- no one was harmed during the shooting of this film!

THE ELITE PANEL

Is it good
that I am
chasing?

~Soham

Basil sought suggestions on how he could develop his personal extended life. It almost turned gold, when a phone call from an unknown number came, but the delight was short-lived as it turned out to be a spam call.

Spandan and Anish shared that they were pursuing a Summer internship at PwC. Soham completed his Bachelor's and Dada is ready to set his foot into Master's Degree.

A lot of laughter and fun ensued as we talked, but happy moments are not just meant to last to eternity. The moment of parting came, but we re-assured that we would meet soon, perhaps next month- when David comes to town: to make it an all-member meet after 18 months! Oh, we can't wait for that! Until next time. . .
